COMMITTEES APPOINTED

DEMOCRATIC STATE CENTRAL
COMMITTEE MEETS AT OK-
LAHOMA CITY.

OTIS WEAVER ON COMMITTEE

Is Made Executive Member of Sec-
ond Judicial District—J. A. Til-
lotson of Nowata is Temp-
orary Chairman.

Oklahoma City, Feb. 14.—With well-ordered progress, smoothly, harm-
oniously, without hitch or hindrance,
and in all senses, diplomatically, the
meeting of the democratic state cen-
tral committee at the Lee-Huckins
hotel Saturday met, went through
with its proceedings and adjourned.
Although the chief feature of the
gathering, harmony, seemed instinc-
tive, it was aided and abetted, and
all possibilities of anything but har-
mony were eliminated by the active
gavel of State Chairman Joe Thomp-
son of Pauls Valley.

Rotund, good-humored, calm at all
times, sure of rules and ready to
use them in their full extent when
in his mind circumstances demanded
the letter of parliamentary law, the
thing that should be introduced was
allowed and the thing that was
threatening to general peace was dis-
couraged—so ruled Joe Thompson.

Chairman Named.

Eleven members of the body, a
quorum, were present and shortly
after the election, the committee re-
tired for a short session to decide
on the time and place of the next
meeting and elect temporary chair-
man. J. A. Tillotson, member from
Nowata, was chosen to the place. It
was decided that the next meeting
shall be at Guthrie, and that a sec-
ond shall come upon the closing of
the present session of the legisla-
ture. Nothing was done in this meet-
ing about the matter of establishing
a press bureau, or in choosing an
editor to carry on the publicity part
of the campaign. These matters, it is
believed, will be discussed at the
meeting Monday.

By a vote of the body the chair-
man of the executive committee will
be allowed a salary of \$150 a month
during his time of service and all
actions in the way of employing
stenographers and general help in the
conduct of the committee's busi-
ness are left to the members them-
selves.

State Executive Committee.

Most important of the routine mat-
ters, taken up immediately after con-
vening in afternoon session, was that
of the election of a state executive
committee. This was done by the ju-
dicial district plan, three members
from each of the five districts. To
this body falls the duty of carrying
on all work of the campaign until
the primaries. In its hands is given
authority to attend to press matters,
to the sending out of campaign litera-
ture, to the execution of the num-
berless details of working up party
enthusiasm and party unity, in fact
all the labor of preparation, whose
scope extends up to the time when
nominations are made and an actual
campaign for election is inaugurated.
However, notwithstanding the signifi-
cance of the work of this committee
and the powers granted it by the
state central committee, it may not
take sides in matters of candidates
for nomination and none of its mem-
bers may run for office. Insofar as
men are concerned it must be abso-
lutely impartial. As it relates to the
party as a whole, however, it must
be entirely partisan. The election of
members of this committee is as fol-
lows:

First judicial district: J. A. Tillot-
son, Nowata, Nowata county; Fred P.
Branson, Muskogee, Muskogee coun-
ty; W. L. Samuel, Choteau, Mays
county.

Second judicial district: J. B. Cham-
pion, Ardmore, Carter county;
W. E. Utterbeck, Durant, Bryan coun-

WANTS READING CLUB IN ADA

"A FRIEND" WRITES ABOUT IT TO
EVENING NEWS.

Declares Nothing Contributes More
Liberal to the Betterment
of a City.

A North Ada Reading Club is be-
ing quietly planned. Nothing would
contribute more liberally to the bet-
terment of our section of the City
than a well regulated Reading Club.
It affords opportunity for the human-
itarian, the faithful parent, the as-
piring young man or woman, and the
little boys and girls whose life's
channel must needs be formed for
wield or woe. We are living in a most
intense age; and custom has enslaved
us to extravagant laws of enter-
tainment; and to be sure we cannot
nor should not attempt to eschew
this feature of life; but to eliminate
the frivolity and plant in its place a
feature of recreation that will re-
bound to a larger and a more useful
life, should be the aim of every good
man and good woman in Ada. To ap-
peal to the higher sentiments of hu-

manity, and lose sight of personal
interests pleasures, and privileges, is
to build a character that will be felt
in the world when we are gone. We
can do this in a small way, yet effec-
tively, by communing with great men
and women of the past. This is our
purpose in organizing a Reading Club
in North Ada. Help us out.

GREAT YEAR FOR GARDENS.

This will be the greatest year for
gardens and chicken ranches that has
ever been known. Heretofore people
living in town have never given the
raising of vegetables and chickens
a thought. They let the people who
raised them as a business do the
thinking and they bought them.

It's going to be different this year.
Town people are going into the vege-
table and chicken business—that is,
they are going to raise enough for
their own use.

What's the reason of this?
High prices.
In years past people could afford
to buy them. Now they can afford to
raise them.

There is no reason why the people
shouldn't raise their own garden
truck and feed their own chick-
ens. There isn't a more healthful ex-
ercise than hoeing onions and shell-
ing corn and throwing it to the
"fryers." Such exercise, like any other,
is apt to become tiresome, but
one is rewarded for his labors when
the goods find their way to the table.

STRAW VOTING CANDIDATES.

The polling of a straw vote of the
gubernatorial timber in Oklahoma by
the state papers seems to be popu-
lar. The Tulsa World (rep.) started
the straw vote three weeks ago, an
account of which will be found in
another column on this page. The
figures show that out of 911 votes
polled, 680 were republicans and 130
were democrats. John Fields was the
favorite republican candidate and
Charles West the favorite democrat
candidate.

Now the lead of the World has
been followed by the Vinita Leader,
an influential weekly paper. Doubt-
less other papers of the state will
take up the straw vote matter which,
as you may see in the World's ar-
ticle, is decidedly interesting.

Here's an old one taken from the
Alva Courier-Pioneer which, though
pretty aged, will yet cause a smile,
therefore it is worth reprinting.

The story is going around that a
pretty lady dropped into a music
store a few days ago and, stepping up
to the counter where the clerk was
sorting music, she asked: "Have you
'Kissed Me in the Moonlight?'" The
man turned half way around and
said: "It must have been that man
at the other counter; I've only been
here a week."

John D. Rockefeller contributed a
large amount of money in support of
the local option campaign but when
the anti-saloon league wouldn't allow
John to run the campaign he got
peevish and withdrew his money. Get-
ting childish, is he?

Castro is reported as being in the
Canary Islands. Now isn't old Cip a
bird?

Did you get a valentine?
Did it make you mad?

West and Fields Lead in Straw Vote

Tulsa, Okla., Feb. 14.—For the pur-
pose of ascertaining an idea of the
sentiment of voters of Oklahoma as
to the coming state election, the
strength of candidates for governor
and the leading issues before the
people, the Tulsa World, Jan. 27, pub-
lished six questions. The vote was
closed Feb. 9. There were 911 votes
in when the contest closed, of which
number 680 were republicans, 130
were democrats and 101 classed them-
selves as socialists, prohibitionists,
independents and "no party." One-
third of the counties were covered.

The six questions asked were:

"What are your political affilia-
tions?"

"Who did you vote for in the last
state election?"

"Are you satisfied with the pres-
ent state administration?"

"Which of the following republi-
cans do you prefer for governor: G.
C. Jones, Joseph McNeal, John Fields
T. B. Ferguson?"

"Which of the following democrats
do you prefer for governor: Lee
Cruce, W. H. Murray, Jesse Dunn,
Charles J. West?"

"What, in your judgment, is the
most important issue before the peo-
ple of Oklahoma at the present
time?"

Of the 680 republicans, 420 voted
for Fields, 30 for Jones, 230 for Fer-
guson, and 20 for McNeal; and 290
for West, 10 for Cruce, 10 for Dunn
and 20 for Murray.

Of the 130 democrats, 70 voted for
West, 20 for Cruce, 10 for Dunn, 10

for Murray; and 60 for Fields, 20 for
Jones, 10 for Ferguson. All others,
claiming to be independents, voted 40
for Fields and 30 for West, no other
candidates receiving a vote.

Of the total number of votes count-
ed, the vote stood as follows: Fields,
520; Jones, 50; Ferguson, 240. Mc-
Neal, 20; West, 390; Cruce, 30; Dunn,
20; Murray, 30.

In answering the second question
50 of the 680 republicans stated that
they had voted for Governor Haskell,
while all of the democrats had so
voted. The answers to the third ques-
tion were varied and covered a mul-
titude of sentiments. Every one of
the independents, socialists, prohibi-
tionists, and "no party," totaling 101,
supported the democratic ticket in 1907.

An attempt to classify the answers to
the sixth question was made, but it
was abandoned as impossible. It was
apparent, however, that while no
two men expressed their senti-
ments alike, it is the general desire
of the voters to secure honesty and
economy in public affairs. Misunder-
standing the purpose of the ques-
tion, many republicans, democrats
and independents alike, selected na-
tional issues.

The votes came from the following
25 counties of the state: Tulsa, Rog-
ers, Nowata, Logan, Pittsburg, Blaine
Okfuskee, Washita, Cherokee, Wagon-
er, McIntosh, Hughes, Payne, Alfalfa,
Okmulgee, Washington, Ottawa,
Muskogee, Creek, Lincoln, Kay, Ellis,
Craig, Pawnee and Garfield.

WILL SOON SETTLE CASES

Standard Oil Case Will Be Heard Be-
fore the Tobacco Trust
Case.

Washington, Feb. 14.—When the su-
preme court of the United States con-
venes on Monday, Feb. 21, a list of
long decisions is expected.

Lawyers believe that the court,
during its three weeks' vacation, has
endeavored to dispose of many cases
in order that it may be as free as
possible to consider this spring the
application of the Sherman anti-trust
law to corporations and the validity
of the corporation tax.

Overshadowing all others, the suit
of the government against the Ameri-
can Tobacco company and others is
the most important case under ad-
visement by the court. It was ar-
gued several weeks ago. On account
of the Standard Oil case, to be ar-
gued March 14, and involving similar
questions, it is believed that the de-
cision in the tobacco case will not
be announced until after the Stand-
ard Oil suit has been heard.

One of the most important laws,
the validity of which has been ques-
tioned in arguments before the court,
is the "hours of service law for rail-
road employees," passed by congress
in 1897. The railroads have attacked
the law as being applicable to em-
ployees engaged in commerce within
the state as well as in interstate com-
merce. It is claimed the law is open
to objections similar to those that
nullified the liability law of 1906.
A decision in this case may be an-
nounced on Feb. 21.

Another suit that has attracted
much attention is that in which the
government is seeking to get pos-
session of property amounting to
nearly \$400,000 in the hands of Oberlin
M. Carter, former captain to the
engineer corps of the army, who was
sentenced to prison for his al-
leged connection with schemes to
defraud the government out of \$2,-
000,000. The court has the case under
advisement.

The validity of a large number of
state lawyers is questioned, in cases
which the court has heard argued,
but in which it has not announced its
decision.

COLD WEATHER COMING.

Washington, Feb. 13.—A general
storm, followed by a cold wave, is
the weather bureau's prediction for
the coming week. The storm will ap-
pear over the Pacific states within
the next two days, cross the Rockies,
plains states and central valleys dur-
ing the middle days of the week, and
reach the Atlantic seaboard by Fri-
day. The cold wave will overspread
the north Pacific states by Tuesday
morning and reach the Atlantic sea-
board by Friday or Friday night.
The cold weather of the latter part
of the week probably will check
tendencies toward flood conditions in
part of the lake region and in the
east.

Weather Forecast.

day, Tuesday unsettled and probably
warmer.

CRUISER GOES TO SHIP'S RESCUE

ANOTHER STEAMER IS WRECKED
ON REEF.

Eighty-eight Lives Depend on Immed-
iate Arrival of Cruiser Min-
istro.

Valparaiso, Chile, Feb. 14.—Immed-
iately on receipt of the news that
the Pacific Navigation company's
steamer Lima had been wrecked on
a reef in the Huambian passage in
the Strait of Magellan and that
eighty-eight persons had been left
aboard, the Chilean government dis-
patched the protected cruiser Min-
istro Zenteno to the rescue.

Following quickly in the wake of
the cruiser are five steamers which
the navigation company ordered to
proceed at top speed to Magellan. The
fate of those who were left behind
by the British steamer Hatmet,
which rescued 205 of the passengers
and crew, will not be known until
the Ministro Zenteno, which carries
wireless, arrives there.

No further word was received to-
day from Ancud, where the Matmet
put in with the survivors. According
to late dispatches last night, there
is some hope that the rest of the
passengers and crew on the Lima
may be able to hold out if aid
reaches them quickly. The Hatmet,
after taking off 205 persons, was com-
pelled to proceed on account of the
danger of being swept upon the rocks
by the storm.

The eighty-eight persons left on the
wrecked steamer Lima include the
captain, five officers and two first-
class passengers.

GRANFIELD HAS A BIG FIRE

Ten Buildings Burn Early This Morn-
ing—Loss Seventy-Five Thou-
sand Dollars.

Granfield, Okla., Feb. 14.—A fire
that devastated the entire town was
discovered in the city meat market
early this morning. A volunteer fire
brigade proved incapable of fight-
ing the flames, and ten buildings, val-
ued at \$75,000 were destroyed.

LITERATURE ARBOR DAY.

Guthrie, Ok., Feb. 14.—Arbor Day
programs and instructions are being
prepared by the Board of Education.
Assistant Superintendent J. W. Wil-
kinson will make the 1910 announce-
ment in a few days and is preparing
a manual, to which heads of the state
schools and experts in tree-planting
and culture will contribute. The sec-
ond Monday in March is Arbor Day
by enactment and it is expected that
trees will be planted by every school
in the state.

This being the tree-planting season,
it is not necessary to wait until
March 14 to start the good work. In
Texas tree-planting week, a time of
general observance, is over.

COLLEGE DEBATE FEB. 21.

Ryan, Ok., Feb. 14.—A debate be-
tween the Southwest Baptist Col-
lege at Hastings and the Ryan High
school will take place in the auditor-
ium of the Ryan Academy on the
evening of Feb. 21. The question will
be, "Resolved, That international con-
ditions are such as to demand an en-
largement of the United States Navy."
The college has the affirmative and
the High school the negative.

FOR AGED PEOPLE.

Old Folks Should Be Careful in
Their Selection of Regulative
Medicine.

With advanced age comes inactive
bowel movement and sluggish liver.
Nature is unable to perform her
proper functions and requires assist-
ance. Otherwise, there is constant
suffering from constipation and its at-
tendant evils. Old folks should never
use physic that is harsh and irritat-
ing.

We have a safe, dependable and al-
together ideal remedy that is particu-
larly adapted to the requirements
of aged people and persons of weak
constitution who suffer from constipa-
tion or other bowel disorder. We are
so certain that it will completely re-
lieve these complaints and give ab-
solute satisfaction in every particu-
lar that we offer them with our per-
sonal guarantee that they shall cost
the user nothing if they fail to sub-
stantiate our claims. This remedy is
called, *Reallax Orderlies*.

Reallax Orderlies are eaten like
candy. They have a soothing, healing,
strengthen, tonic and regulative ac-
tion upon the dry mucous lining and
the relaxed muscular coat of the
bowel. They produce a natural, suc-
cessive contraction and relaxation of

the muscular fibres of the bowel wall
generating a wave-like motion which
forces their contents onward and
outward, thus simulating nature in
perfect bowel movement. They tone
up and strengthen the nerves and
muscles and restore the bowels and
associate organs to more vigorous
and healthy activity. They may be
taken at any time without incon-
venience; do not cause any griping,
nausea, diarrhoea, excessive loose-
ness, flatulence or other disagreeable
effect. Try Reallax Orderlies on our
guarantee: 36 tablets 25 cents, and
12 tablets 10 cents. Remember you

Quick Sand Breaks Into Artesian Well.

Ada citizens who are accustomed
to drinking Ada artesian water, will
have to resort to something else un-
til the well can be remedied.

There seems to be a flow of quick
sand coming into the well and
makes the water wrily.

Mr. Stall stated today that they
had not located just where the sand
was making its headway into the
well, but would not deliver any more
water until the leak was discovered
and fixed, which might be a week or
ten days.

HOBBOES BOUND FOR SHAWNEE

ASK UNITED CHARITIES FOR ASSISTANCE.

One This Morning Said He Wanted to Go to His Brother—Another to His Uncle.

Since the organization of the United Charities association in Ada the officials are confronted with many cases. Some of them are worthy and some are not. And some of those who appeal for aid put up spiels that are amusing in the extreme.

Shawnee Is Popular.

The hoboes who hit the town and who have gall enough to ask for charity almost invariably want to be assisted on their way to Shawnee. It isn't taken, though, that Shawnee is the permanent home of all the tramps who pass through Ada. The opinion is that they want to be helped to Shawnee merely because it will be getting them over the road—and Shawnee is a big town.

An Irishman Hits Town.

One of these fellows, an Irishman, arrived in the city yesterday. He was an old fellow, hair white as snow, and some time in his career had had his nose smashed all over his face.

He spent several hours this forenoon in walking the streets and attempting to touch everybody he met for a piece of money. His graft didn't work very well, but his spirits were given quite a boost when some one advised him that the United Charities were doing business at the city hall. He was told to go there and ask for Mr. Jones.

He went as directed and strolled through the door.

Seeing a fellow inside he inquired, "Is this Mr. Shones?" It was Mr. "Shones," so the old fellow got down to business at once, saying he was sick and wanted to go to his brother at Shawnee. He said he was from Covington, Kentucky. When asked if he had come direct from Covington he said no, that he came from Dallas.

Was a Rambler.

He said he had spent many years "rambling around"—in fact he had been rambling around ever since the Civil war. Mr. Jones asked if he had any references. He replied to this by showing him a discharge from the army dated in the year of 1865.

The United Charities does not provide for a case of this kind, but the clerk was willing to spend a telephone fee to get in connection with the old timer's brother, but to this the gentleman from the Blue Grass state objected strenuously saying his brother, who was an electrician, would probably be down town and for that reason it would be a difficult task to get hold of him.

He confided to the clerk that he was a baker by trade, and that his breathing apparatus got on the bum while he was down in Texas and cost him \$48 to have it repaired. That broke him, therefore he must have railroad fare to Shawnee.

Victim of Hard Luck.

After he was satisfied that the "nothing doing sign" was hanging up, the old settler dragged himself through the door and, muttering something about hard luck, went down stairs and disappeared.

Another to Shawnee.

Several days ago the charitable headquarters was visited by a traveler who told a tale of woe very much similar to that told by the Covington rambler. The only difference was that he had an uncle at Shawnee and his original home was New Orleans. He too objected to the use of a telephone in connection with his case, and he was denied assistance.

MR. G. HOG MAKES WEATHER CHANGE

SUNDAY MORNING ARRIVED TOO CHILLY.

The Hog Had Narrow Escape from Being Roughly Handled by Fellows on the Street.

Mr. Groundhog came to his senses just in time. When Sunday morning came the hog was responsible for the thermometer registering 14 degrees above the zero line. Now as the hog gave us his word—on February 2, it was—that he would give us six weeks of sunshine and spring weather, it seemed to the fellows on the street that he was trying to put one over us. 14 above was pretty chilly and it might become worse.

So the fellows on the streets argued the case. Mr. Groundhog wasn't giving them a square deal and they were going to "handle" him for it. Some thought he was guilty of disturbing the peace. Others thought he was liable for a breach of promise suit. Still others thought a charge of assault and battery should be preferred against him.

The matter was gone over thoroughly and it was decided to give the defendant another chance, so the fellows on the streets continued the case until Monday, today.

The morning came bright as a dollar with the indicator registering 40 above.

Apparently Mr. Groundhog realized what he was up against. Anyway, he has begun dishing out the weather according to the ideas of the fellows on the street.

His case was dismissed.

BREAKS BOTH ARMS IN FALL

MILLER LIGON MEETS WITH PAINFUL ACCIDENT.

Also Suffers Cuts on Head and Body. Accident Occurred at Normal Building Sunday.

While playing in company with eight or ten other boys at the normal building yesterday afternoon Miller Ligon, 14 years old, son of Dr. and Mrs. M. N. Ligon, fell from the second floor of the building to the ground, broke both arms near the wrists, sustained a cut of about five inches in length on the head and several bruises on the body.

The boy was taken to his home by W. D. Hays, Ben Thompson and Harmon Ebey immediately after the accident. This afternoon he is not resting as well as he did during the night. Although very painful, the wounds are not considered necessarily dangerous and the little fellow is displaying much nerve in wrestling with the effects of his play.

Doctor Ligon states that no bad after effects are expected, and as speedy a recovery as is usual in such cases, is looked for.

VOICE OF THE PEOPLE

There is now an Oil Company in Ada of which we are proud, and quite a lot of money has been spent in developing its interest. Let it go on with its good work. But why doesn't some one suggest the idea of organizing a company to develop an artesian water system in Ada? If we find oil here it will be a knotty problem to put it on the market, while our water is already sold. We need a good water system. It will do more to build a town than any local facility that contributes to the development of a city. And we know that we are not drilling a test well when we start.

We can get it if we will go down after it. It is pure water we need, not only is that true here, but elsewhere. Our system is adequate, but with our superior advantages in altitude, latitude, longitude and horticultural and agricultural magnitude, we should claim the best. I am sure we all see the importance of something on this line. Waco and Marlin, Texas, today owe their business success largely to this Artesian Water System.

DOCTOR COOK FOUND AGAIN

Traveling Over Chile Under the Name of T. Craig—Won't Do Any Talking.

Valdavia, Chile, Feb. 14.—Dr. Frederick A. Cook, the explorer, and his wife arrived here on board the German steamer Osiris, having taken a cabin at Montevideo. Dr. Cook traveled under the name of T. Craig. He and his wife sailed north today. He declined to be interviewed.

The steamer Osiris sailed from Hamburg, Jan. 1 and from Antwerp Jan. 18 for Callao. Presumably she touched at Montevideo, where the Cooks are said to have boarded her, but the call there has not been reported.

CHILOCCO INDIAN SCHOOL.

Chilocco, Ok., Feb. 14.—C. B. Preston, a nurseryman reports fruit buds of all kinds as absolutely free from injury in the seventy-five acres of orchard.

The hog yard at Chilocco contains about 400 head of swine, the fattest, roundest lot imaginable. With hogs at 08 and \$9 per 100, there may be lots of money in the heard.

C. W. Lieb, in charge of the Chilocco dairy department makes the following report: "The first two weeks in January it was very cold and the cows fell off considerably on account of it, but we are not ashamed of what was produced, when compared with January a year ago. Amount of milk for January, 1910, 19,000 pounds last year 16,462 pounds, a gain of 2,538 pounds. Butter for January, 1910, 368 pounds; last January 224 pounds, a gain of 144 pounds."

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

 2. The operator shall then give the address to the driver at the fire station.
 3. The operator shall then turn the Alarm to the general Alarm, The Whistle. The Engineer shall (1st) give friek whistle followed by—for

COMMITTEES APPOINTED

DEMOCRATIC STATE CENTRAL
COMMITTEE MEETS AT OK-
LAHOMA CITY.

OTIS WEAVER ON COMMITTEE

Is Made Executive Member of Sec-
ond Judicial District—J. A. Til-
lotson of Nowata Is Temp-
orary Chairman.

Oklahoma City, Feb. 14.—With well-ordered progress, smoothly, harm-
oniously, without hitch or hindrance,
and in all senses, diplomatically, the
meeting of the democratic state cen-
tral committee at the Lee-Tuckins
hotel Saturday met, went through
with its proceedings and adjourned.
Although the chief feature of the
gathering, harmony, seemed instinc-
tive, it was aided and abetted, and
all possibilities of anything but har-
mony were eliminated by the active
gavel of State Chairman Joe Thomp-
son of Pauls Valley.

Rotund, good-humored, calm at all
times, sure of rules and ready to
use them in their full extent when
in his mind circumstances demanded
the letter of parliamentary law, the
thing that should be introduced was
allowed and the thing that was
threatening to general peace was dis-
cussed—so ruled Joe Thompson.

Chairman Named.

Eleven members of the body, a
quorum, were present and shortly
after the election, the committee re-
tired for a short session to decide
on the time and place of the next
meeting and elect temporary chair-
man. J. A. Tillotson, member from
Nowata, was chosen to the place. It
was decided that the next meeting
shall be at Guthrie, and that a sec-
ond shall come upon the closing of
the present session of the legisla-
ture. Nothing was done in this meet-
ing about the matter of establishing
a press bureau, or in choosing an
editor to carry on the publicity part
of the campaign. These matters, it is
believed, will be discussed at the
meeting Monday.

By a vote of the body the chair-
man of the executive committee will
be allowed a salary of \$150 a month
during his time of service and all
actions in the way of employing
stenographers and general help in the
conduct of the committee's busi-
ness are left to the members them-
selves.

State Executive Committee.

Most important of the routine mat-
ters, taken up immediately after con-
vening in afternoon session, was that
of the election of a state executive
committee. This was done by the ju-
dicial district plan, three members
from each of the five districts. To
this body falls the duty of carrying
on all work of the campaign until
the primaries. In its hands is given
authority to attend to press matters,
to the sending out of campaign liter-
ature, to the execution of the num-
berless details of working up party
enthusiasm and party unity, in fact
all the labor of preparation, whose
scope extends up to the time when
nominations are made and an actual
campaign for election is inaugurated.
However, notwithstanding the signifi-
cance of the work of this committee
and the powers granted it by the
state central committee, it may not
take sides in matters of candidates
for nomination and none of its mem-
bers may run for office. Insofar as
such are concerned it must be abso-
lutely impartial. As it relates to the
party as a whole, however, it must
be entirely partisan. The election of
members of this committee is as fol-
lows:

First judicial district: J. A. Til-
lotson, Nowata, Nowata county; Fred P.
Branson, Muskogee, Muskogee county;
W. L. Samuel, Choteau, May-
saw county.
Second judicial district: J. B.
Chapman, Ardmore, Carter county;
W. E. Otterbeck, Durant, Bryan county.

WANTS READING CLUB IN ADA

"A FRIEND" WRITES ABOUT IT TO
EVENING NEWS.

Declares Nothing Contributes More
Liberal to the Betterment
of a City.

A North Ada Reading Club is be-
ing quietly planned. Nothing would
contribute more liberally to the bet-
terment of our section of the City
than a well regulated Reading Club.
It affords opportunity for the human-
itarian, the faithful parent, the as-
piring young man or woman, and the
little boys and girls whose life's
channel must needs be formed for
wield or woe. We are living in a most
intense age; and custom has enslaved
us to extravagant laws of enter-
tainment; and to be sure we cannot
nor should not attempt to eschew
this feature of life; but to eliminate
the frivolity and plant in its place a
feature of recreation that will re-
bound to a larger and a more useful
life, should be the aim of every good
man and good woman in Ada. To ap-
peal to the higher sentiments of hu-

manity, and lose sight of personal
interests pleasures, and privileges, is
to build a character that will be felt
in the world when we are gone. We
can do this in a small way, yet effec-
tively, by communing with great men
and women of the past. This is our
purpose in organizing a Reading Club
in North Ada. Help us out.

GREAT YEAR FOR GARDENS.

This will be the greatest year for
gardens and chicken ranches that has
ever been known. Heretofore people
living in town have never given the
raising of vegetables and chickens a
thought. They let the people who
raised them as a business do the
thinking and they bought them.

It's going to be different this year.
Town people are going into the veg-
etable and chicken business—that is,
they are going to raise enough for
their own use.

What's the reason of this?
High prices.
In years past people could afford
to buy them. Now they can afford to
raise them.

There is no reason why the people
shouldn't raise their own garden
truck and feed their own chick-
ens. There isn't a more healthful ex-
ercise than hoeing onions and shell-
ing corn and throwing it to the
"fryers." Such exercise like any other,
is apt to become tiresome but
one is rewarded for his labors when
the goods find their way to the table.

STRAW VOTING CANDIDATES.

The polling of a straw vote of the
gubernatorial timber in Oklahoma by
the state papers seems to be popu-
lar. The Tulsa World (rep.) started
the straw vote three weeks ago, an
account of which will be found in
another column on this page. The
figures show that out of 911 votes
polled, 630 were republicans and 130
were democrats. John Fields was the
favorite republican candidate and
Charles West the favorite democrat
candidate.

Now the lead of the World has
been followed by the Vinton Leader.
An influential weekly paper. Doubt-
less other papers of the state will
take up the straw vote matter which,
as you may see in the World's ar-
ticle, is decidedly interesting.

Here's an old one taken from the
Alva Courier-Pioneer which though
pretty aged, will yet cause a smile
therefore it is worth reprinting.

The story is going around that a
pretty lady dropped into a music
store a few days ago and stepping up
to the counter where the clerk was
sorting music she asked: "Have you
'Kissed Me in the Moonlight'?" The
man turned half way around and
said: "It must have been that man
at the other counter. I've only been
here a week."

John D. Rockefeller contributed a
large amount of money in support of
the local option campaign but when
the anti-saloon league wouldn't allow
John to run the campaign he got
peevish and withdrew his money. Get-
ting childish, is he?

Castro is reported as being in the
Canary Islands. Now isn't old Clip a
bird?

Did you get a valentine?
Did it make you mad?

Tulsa, Okla., Feb. 14.—For the pur-
pose of ascertaining an idea of the
sentiment of voters of Oklahoma as
to the coming state election, the
strength of candidates for governor
and the leading issues before the
people, the Tulsa World, Jan. 27, pub-
lished six questions. The vote was
closed Feb. 9. There were 911 votes
in when the contest closed, of which
number 630 were republicans, 130
were democrats and 101 classed them-
selves as socialists, prohibitionists,
independents and "no party." One-
third of the counties were covered.

The six questions asked were:
"What are your political affilia-
tions?"

"Who did you vote for in the last
state election?"

"Are you satisfied with the present
state administration?"

"Which of the following republic-
cans do you prefer for governor: G.
C. Jones, Joseph McNeal, John Fields,
T. B. Ferguson?"

"Which of the following democrats
do you prefer for governor: Lee
Cruce, W. H. Murray, Jesse Dunn,
Charles J. West?"

"What, in your judgment, is the
most important issue before the peo-
ple of Oklahoma at the present time?"

Of the 630 republicans 420 voted
for Fields, 30 for Jones, 230 for Fer-
guson, and 20 for McNeal, and 290
for West, 10 for Cruce, 10 for Dunn
and 20 for Murray.

Of the 130 democrats, 70 voted for
West, 20 for Cruce, 10 for Dunn, 10

for Murray, and 60 for Fields, 20 for
Jones, 10 for Ferguson. All others,
claiming to be independents, voted 40
for Fields and 30 for West, no other
candidates receiving a vote.

Of the total number of votes count-
ed, the vote stood as follows: Fields,
520, Jones, 50, Ferguson, 240, Mc-
Neal, 20, West, 390, Cruce, 30, Dunn,
20, Murray, 30.

In answering the second question
50 of the 630 republicans stated that
they had voted for Governor Haskell,
while all of the democrats had so
voted. The answers to the third ques-
tion were varied and covered a mul-
titude of sentiments. Every one of
the independents, socialists, probi-
tionists, and no party, totaling 101,
supported the democratic ticket in
1907.

An attempt to classify the answers
to the sixth question was made, but
it was abandoned as impossible. It
was apparent, however, that while
no two men expressed their senti-
ments alike, it is the general desire
of the voters to secure honesty and
economy in public affairs. Misunder-
standing the purpose of the ques-
tion, many republicans, democrats
and independents alike, selected na-
tional issues.

The votes came from the following
25 counties of the state: Tulsa, Rogers,
Nowata, Logan, Pittsburg, Blaine,
Okfuskee, Washita, Cherokee, Wagon-
er, McIntosh, Hughes, Payne, Alfalfa,
Okmulgee, Washington, Ottawa,
Muskogee, Creek, Lincoln, Kay, Ellis,
Craig, Pawnee and Garfield.

WILL SOON SETTLE CASES

Standard Oil Case Will Be Heard Be-
fore the Tobacco Trust
Case.

Washington, Feb. 14.—When the su-
preme court of the United States con-
venes on Monday, Feb. 21, a list of
long decisions is expected.

Lawyers believe that the court,
during its three week session, has
endeavored to dispose of many cases
in order that it may be as free as
possible to consider this spring the
application of the Sherman anti-trust
law to corporations and the validity
of the corporation tax.

Overshadowing all others, the suit
of the government against the Ameri-
can Tobacco company and others is
the most important case under ad-
visement by the court. It was ar-
gued several weeks ago. On account
of the Standard Oil case to be ar-
gued March 14 and involving similar
questions, it is believed that the de-
cision in the tobacco case will not
be announced until after the Stand-
ard Oil suit has been heard.

One of the most important laws
the validity of which has been ques-
tioned in arguments before the court
is the hours of service law for rail-
road employees passed by congress
in 1897. The railroads have attacked
the law as being applicable to em-
ployees engaged in commerce within
the state as well as in interstate com-
merce. It is claimed the law is open
to objections similar to those that
nullified the liability law of 1906.
A decision in this case may be an-
nounced on Feb. 21.

Another suit that has attracted
much attention is that in which the
government is seeking to get pos-
session of property amounting to
nearly \$400,000 in the hands of Ob-
erlin M. Carter, former captain to
the engineer corps of the army who
was sentenced to prison for his al-
leged connection with schemes to
defraud the government out of \$2-
600,000. The court has the case under
advisement.

The validity of a large number of
state lawyers is questioned in cases
which the court has heard argued
but in which it has not announced its
decision.

COLD WEATHER COMING.

Washington, Feb. 13.—A general
storm followed by a cold wave, is
the weather bureau's prediction for
the coming week. The storm will ap-
pear over the Pacific states within
the next two days, cross the Rockies
plains states and central valleys dur-
ing the middle days of the week and
reach the Atlantic seaboard by Fri-
day. The cold wave will overspread
the north Pacific states by Tuesday
morning and reach the Atlantic sea-
board by Friday or Friday night.

The cold weather of the latter part
of the week probably will check
tendencies toward flood conditions in
part of the lake region and in the
east.

Weather Forecast.

Partly cloudy and warmer Mon-
day Tuesday unsettled and probably
warmer.

SHE WANTS TO BE GOVERNOR

Miss Marilla M. Ricker of New
Hampshire, Has Money to Burn
and Will Spend It.

Dover, N. H., Feb. 14.—Miss Marilla
M. Ricker, the militant suffragette
and lawyer, has announced her can-
didacy for the next governor of New
Hampshire on the woman's suffrag-
ette platform. She has abandoned her
winter vacation at San Jose, Cal.,
and will at once take up the most
unique fight ever known in American
politics. If she is elected she will
be the first woman governor ever
elected in the United States.

Since her announcement hundreds
of suffragettes have rallied to her
support and the campaign promises
to be the most remarkable any state
has ever seen.

She will stump every city and town
in New Hampshire. She is wealthy
and will pay her own expenses de-
claring that she wants no money
from any public service corporation
in her campaign funds. She will try
to free New Hampshire from its
bondage to the corporations that have
dominated politics for over a de-
cade. For many years she practiced
law in Washington with great suc-
cess, and is well known all over the
country being famed for her orator-
ical powers.

CRUISER GOES TO SHIP'S RESCUE

ANOTHER STEAMER IS WRECKED
ON REEF.

Eighty-eight Lives Depend on Immed-
iate Arrival of Cruiser Min-
istro.

Valparaiso, Chile, Feb. 14.—Immed-
iately on receipt of the news that
the Pacific Navigation company's
steamer Lima had been wrecked on a
reef in the Humboldt passage in the
Strait of Magellan and that
eighty-eight persons had been left
aboard, the Chilean government dis-
patched the protected cruiser Min-
istro Zenteno to the rescue.

Following quickly in the wake of
the cruiser are five steamers which
the navigation company ordered to
proceed at top speed to Magellan. The
fate of those who were left behind
by the British steamer Hatumet
which rescued 205 of the passengers
and crew, will not be known until
the Ministro Zenteno, which carries
wireless, arrives there.

No further word was received to-
day from Ancud, where the Matumet
put in with the survivors. According
to late dispatches last night, there
is some hope that the rest of the
passengers and crew on the Lima
may be able to hold out if aid
reaches them quickly. The Hatumet,
after taking off 205 persons, was com-
pelled to proceed on account of the
danger of being swept upon the rocks
by the storm.

The eighty-eight persons left on the
wrecked steamer Lima include the
captain, five officers and two first-
class passengers.

GRANFIELD HAS A BIG FIRE

Two Buildings Burn Early This Morn-
ing—Loss Seventy-Five Thou-
sand Dollars.

Granfield, Okla., Feb. 14.—A fire
that devastated the entire town was
discovered in the city meat market
early this morning. A volunteer buck-
et brigade proved incapable of fight-
ing the flames and ten buildings val-
ued at \$75,000 were destroyed.

LITERATURE ARBOR DAY.

Guthrie, Ok., Feb. 14.—Arbor Day
programs and instructions are being
prepared by the Board of Education.
Assistant Superintendent J. W. Wil-
kinson will make the 1910 announce-
ment in a few days and is preparing
a manual to which heads of the state
schools and experts in tree-planting
and culture will contribute. The se-
cond Monday in March is Arbor Day
by enactment and it is expected that
trees will be planted by every school
in the state.

This being the tree-planting season,
it is not necessary to wait until
March 14 to start the good work. In
Texas tree-planting week, a time of
general observance, is over.

COLLEGE DEBATE FEB. 21.

tween the Southwest Baptist Col-
lege at Hastings and the Ryan High
school will take place in the auditor-
ium of the Ryan Academy on the
evening of Feb. 21. The question will
be: Resolved That international con-
ditions are such as to demand an en-

the High school the negative.

FOR AGED PEOPLE.

Old Folks Should Be Careful in
Their Selection of Regulative
Medicine.

With advanced age comes inactive
bowel movement and sluggish liver.
Nature is unable to perform her
proper functions and requires assist-
ance. Otherwise, there is constant
suffering from constipation and its at-
tendant evils. Old folks should never
use physic that is harsh and irritat-
ing.

We have a safe, dependable and al-
together ideal remedy that is particu-
larly adapted to the requirements
of aged people and persons of weak
constitution who suffer from constipa-
tion or other bowel disorder. We are
so certain that it will completely re-
lieve these complaints and give ab-
solute satisfaction in every particu-
lar that we offer them with our per-
sonal guarantee that they shall cost
the user nothing if they fail to sub-
stantiate our claims. This remedy is
called **Rexall Orderlies**.

Rexall Orderlies are eaten like
candy. They have a soothing, healing,
strengthen, tonic and regulative ac-
tion upon the dry mucous lining and
the relaxed muscular coat of the
bowel. They produce a natural, suc-
cessive contraction and relaxation of

the muscular fibres of the bowel wall
generating a wave-like motion which
forces their contents onward and
outward, thus stimulating nature in
perfect power movement. They tone
up and strengthen the nerves and
muscles and restore the bowels and
associate organs to more vigorous
and healthy activity. They may be
taken at any time without incon-
venience, do not cause any griping,
nausea, diarrhoea, excessive loose-
ness, flatulence or other disagreeable
effect. Try Rexall Orderlies on our
guarantee. 36 tablets 25 cents, and

Quick Sand Breaks Into Artesian

Well.

Ada citizens who are accustomed
to drinking Ada artesian water, will
have to resort to something else un-
til the well can be remedied.

There seems to be a flow of quick
sand coming into the well and
making the water salty.

Mr. Stall stated today that they
had not located just where the sand
was making its headway into the
well but would not deliver any more
water until the leak was discovered
and fixed, which might be a week or
ten days.

HOBBOES BOUND FOR SHAWNEE

ASK UNITED CHARITIES FOR ASSISTANCE.

One This Morning Said He Wanted to Go to His Brother—Another to His Uncle.

Since the organization of the United Charities association in Ada the officials are confronted with many cases. Some of them are worthy and some are not. And some of those who appeal for aid put up spooks that are amusing in the extreme.

Shawnee Is Popular.

The hoboes who hit the town and who have gall enough to ask for charity almost invariably want to be assisted on their way to Shawnee. It isn't taken, though, that Shawnee is the permanent home of all the tramps who pass through Ada. The opinion is that they want to be helped to Shawnee merely because it will be getting them over the road—and Shawnee is a big town.

An Irishman Hits Town.

One of these fellows, an Irishman, arrived in the city yesterday. He was an old fellow, hair white as snow, and some time in his career had had his nose smashed all over his face.

He spent several hours this forenoon in walking the streets and attempting to touch everybody he met for a piece of money. His graft didn't work very well, but his spirits were given quite a boost when some one advised him that the United Charities were doing business at the city hall. He was told to go there and ask for Mr. Jones.

He went as directed and strolled through the door.

Seeing a fellow inside he inquired, "Is this Mr. Shones?" It was Mr. "Shones," so the old fellow got down to business at once, saying he was sick and wanted to go to his brother at Shawnee. He said he was from Covington, Kentucky. When asked if he had come direct from Covington he said no, that he came from Dallas.

Was a Rambler.

He said he had spent many years "rambling around"—in fact he had been rambling around ever since the Civil war. Mr. Jones asked if he had any references. He replied to this by showing him a discharge from the army dated in the year of 1865.

The United Charities does not provide for a case of this kind, but the clerk was willing to spend a telephone fee to get in connection with the old timer's brother, but to this the gentleman from the Blue Grass state objected strenuously saying his brother, who was an electrician, would probably be down town and for that reason it would be a difficult task to get hold of him.

He confided to the clerk that he was a baker by trade, and that his breathing apparatus got on the bum while he was down in Texas and cost him \$40 to have it repaired. That broke him, therefore he must have railroad fare to Shawnee.

Victim of Hard Luck.

After he was satisfied that the "nothing doing sign" was hanging up, the old settler, dragged himself through the door and, muttering something about hard luck, went down stairs and disappeared.

Another to Shawnee.

Several days ago the charitable headquarters was visited by a traveler who told a tale of woe very much similar to that told by the Covington rambler. The only difference was that he had an uncle at Shawnee and his original home was New Orleans. He too objected to the use of a telephone in connection with his case, and he was denied assistance.

MR. G. HOG MAKES WEATHER CHANGE

SUNDAY MORNING ARRIVED TOO CHILLY.

The Hog Had Narrow Escape from Being Roughly Handled by Fellows on the Street.

Mr Groundhog came to his senses just in time When Sunday morning came the hog was responsible for the thermometer registering 14 degrees above the zero line Now as the hog gave us his word—on February 2 it was—that he would give us six weeks of sunshine and spring weather, it seemed to the fellows on the street that he was trying to put one over us 14 above was pretty chilly and it might become worse

So the fellows on the streets argued the case Mr Groundhog wasn't giving them a square deal and they were going to handle him for it Some thought he was guilty of disturbing the peace Others thought he was liable for a breach of promise suit Still others thought a charge of assault and battery should be preferred against him

The matter was gone over thoroughly and it was decided to give the defendant another chance so the fellows on the streets continued the case until Monday today

The morning came bright as a dollar with the indicator registering 40 above

Apparently Mr Groundhog realized what he was up against Anyway he has begun dishing out the weather according to the ideas of the fellows on the street

His case was dismissed

VOICE OF THE PEOPLE

There is now an Oil Company in Ada of which we are proud and quite a lot of money has been spent in developing its interest Let it go on with its good work But why doesn't some one suggest the idea of organizing a company to develop an artesian water system in Ada? If we find oil here it will be a knotty problem to put it on the market while our water is already sold We need a good water system It will do more to build a town than any local facility that contributes to the development of a city And we know that we are not drilling a test well when we start

COMMITTEES APPOINTED

DEMOCRATIC STATE CENTRAL
COMMITTEE MEETS AT OK-
LAHOMA CITY.

OTIS WEAVER ON COMMITTEE

Is Made Executive Member of Sec-
ond Judicial District—J. A. TH-
lotson of Nowata is Temper-
ary Chairman.

Oklahoma City, Feb. 14.—With well-
ordered progress, smoothly, harm-
oniously, without hitch or hindrance,
and in all senses, diplomatically, the
meeting of the democratic state cen-
tral committee at the Lee-Huckins
hotel Saturday met, went through
with its proceedings and adjourned.
Although the chief feature of the
gathering, harmony, seemed instinc-
tive, it was aided and abetted, and
all possibilities of anything but har-
mony were eliminated by the active
gavel of State Chairman Joe Thomp-
son of Pauls Valley.

Rotund, good-humored, calm at all
times, sure of rules and ready to
use them in their full extent when
in his mind circumstances demanded
the letter of parliamentary law, the
thing that should be introduced was
allowed and the thing that was
threatening to general peace was dis-
couraged—so ruled Joe Thompson.

Chairman Named.

Eleven members of the body, a
quorum, were present and shortly
after the election, the committee re-
tired for a short session to decide
on the time and place of the next
meeting and elect temporary chair-
man. J. A. Tillotson, member from
Nowata, was chosen to the place. It
was decided that the next meeting
shall be at Guthrie, and that a sec-
ond shall come upon the closing of
the present session of the legisla-
ture. Nothing was done in this meet-
ing about the matter of establishing
a press bureau, or in choosing an
editor to carry on the publicity part
of the campaign. These matters, it is
believed, will be discussed at the
meeting Monday.

By a vote of the body the chair-
man of the executive committee will
be allowed a salary of \$150 a month
during his time of service and all
actions in the way of employing
stenographers and general help in the
conduct of the committee's busi-
ness are left to the members them-
selves.

State Executive Committee.

Most important of the routine mat-
ters, taken up immediately after con-
vening in afternoon session, was that
of the election of a state executive
committee. This was done by the ju-
dicial district plan, three members
from each of the five districts. To
this body falls the duty of carrying
on all work of the campaign until
the primaries. In its hands is given
authority to attend to press matters,
to the sending out of campaign lit-
erature, to the execution of the num-
berless details of working up party
enthusiasm and party unity, in fact
all the labor of preparation, whose
scope extends up to the time when
nominations are made and an actual
campaign for election is inaugurated.
However, notwithstanding the signifi-
cance of the work of this committee
and the powers granted it by the
state central committee, it may not
take sides in matters of candidates
for nomination and none of its mem-
bers may run for office. Insofar as
men are concerned it must be abso-
lutely impartial. As it relates to the
party as a whole, however, it must
be entirely partisan. The election of
members of this committee is as fol-
lows:

First judicial district: J. A. Tillot-
son, Nowata, Nowata county; Fred P.
Brannon, Muskogee, Muskogee coun-
ty; W. L. Samuel, Choteau, May-
sac county.

NO MORE STRIPES IN MO. PEN

The Zebra Garb Is Discarded for
Blue Clothing—Convicts Tiedled
to Death.

Jefferson City, Mo., Feb. 14.—For
the first time since the Missouri peni-
tentiary was established, more than
seventy-five years ago, the male con-
victs appeared this morning dressed
in civilian clothing, the hated
stripes having been changed for light
blue clothing at 6 o'clock.

This mark of degradation will be
imposed in the future only as pun-
ishment. The warden explained that
it was up to every convict from now
on to judge if he prefers plain and
substantial clothing to the loathsome
stripes.

Every convict in the penitentiary
knew that the change was coming,
and in their own secret way of com-
municating with each other were
ready with a response. Charles
Wright, No. 6895, had a resolution of
thanks ready, and, after being read,
it was adopted with a roar.

This was not all the convicts did to
show their appreciation of the
change. At some period not stated, a
poet and a warbler, Albert Ferguson,
No. 7978, had broken into the pris-
on, and he had been busy grinding
out verses suitable for the occasion.
He headed his effusion, "Danny Deev-
er, After Woodyard Kindling—with a
Shotgun."

For the first time in sixty years
the day passed off without a single
infraction of the prison rules, and
considering the fact that there are
2,346 inmates, this was considered a
record-breaker.

WANTS READING CLUB IN ADA

"A FRIEND" WRITES ABOUT IT TO
EVENING NEWS.

Declares Nothing Contributes More
Liberally to the Betterment
of a City.

A North Ada Reading Club is be-
ing quietly planned. Nothing would
contribute more liberally to the bet-
terment of our section of the City
than a well regulated Reading Club.
It affords opportunity for the humani-
tarian, the faithful parent, the as-
piring young man or woman, and the
little boys and girls whose life's
channel must needs be formed for
wield or woe. We are living in a most
intense age; and custom has enslaved
us to extravagant laws of enter-
tainment; and to be sure we cannot
nor should not attempt to eschew
this feature of life; but to eliminate
the frivolity and plant in its place a
feature of recreation that will re-
bound to a larger and a more useful
life, should be the aim of every good
man and good woman in Ada. To ap-
pear to the higher sentiments of hu-

manity, and lose sight of personal
interests pleasures, and privileges, is
to build a character that will be felt
in the world when we are gone. We
can do this in a small way, yet effec-
tively, by communing with great men
and women of the past. This is our
purpose in organizing a Reading Club
in North Ada. Help us out.

GREAT YEAR FOR GARDENS.

This will be the greatest year for
gardens and chicken ranches that has
ever been known. Heretofore people
living in town have never given the
raising of vegetables and chickens
a thought. They let the people who
raised them as a business do the
thinking and they bought them.

It's going to be different this year.
Town people are going into the veg-
etable and chicken business—that is,
they are going to raise enough for
their own use.

What's the reason of this?

High prices.

In years past people could afford
to buy them. Now they can afford to
raise them.

There is no reason why the peo-
ple shouldn't raise their own garden
truck and feed their own chick-
ens. There isn't a more healthful ex-
ercise than hoeing onions and shel-
ling corn and throwing it to the
"friers." Such exercise like any other,
is apt to become tiresome, but
one is rewarded for his labors when
the goods find their way to the
table.

STRAW VOTING CANDIDATES.

The polling of a straw vote of the
gubernatorial timber in Oklahoma by
the state papers seems to be popu-
lar. The Tulsa World (rep) started
the straw vote three weeks ago, an
account of which will be found in
another column on this page. The
figures show that out of 911 votes
polled, 630 were republicans and 130
were democrats. John Fields was the
favorite republican candidate and
Charles West the favorite democrat
candidate.

Now the lead of the World has
been followed by the Vinita Leader,
an influential weekly paper. Doubt
less other papers of the state will
take up the straw vote matter which,
as you may see in the World's ar-
ticle, is decidedly interesting.

Here's an old one taken from the
Alva Courier-Pioneer which though
pretty aged, will yet cause a smile
therefore it is worth reprinting.

The story is going around that a
pretty lady dropped into a music
store a few days ago and stepping up
to the counter where the clerk was
sorting music she asked: "Have you
'Kissed Me in the Moonlight'?" The
man turned half way around and
said: "It must have been that man
at the other counter. I've only been
here a week."

John D. Rockefeller contributed a
large amount of money in support of
the local option campaign but when
the anti-saloon league wouldn't allow
John to run the campaign he got
peevish and withdrew his money. Get-
ting childish, is he?

Castro is reported as being in the
Canary Islands. Now isn't old Clip a
bird?

Did you get a valentine?
Did it make you mad?

Tulsa, Okla., Feb. 14.—For the pur-
pose of ascertaining an idea of the
sentiment of voters of Oklahoma as
to the coming state election, the
strength of candidates for governor
and the leading issues before the
people, the Tulsa World, Jan. 27, pub-
lished six questions. The vote was
closed Feb. 9. There were 911 votes
in when the contest closed, of which
number 630 were republicans, 130
were democrats and 101 classed them-
selves as socialists, prohibitionists,
independents and "no party." One-
third of the counties were covered.

The six questions asked were:

"What are your political affilia-
tions?"

"Who did you vote for in the last
state election?"

"Are you satisfied with the pres-
ent state administration?"

"Which of the following republi-
cans do you prefer for governor: G.
C. Jones, Joseph McNeal, John Fields,
T. B. Ferguson?"

"Which of the following democrats
do you prefer for governor: Lee
Cruce, W. H. Murray, Jesse Dunn,
Charles J. West?"

"What, in your judgment, is the
most important issue before the peo-
ple of Oklahoma at the present
time?"

Of the 630 republicans 420 voted
for Fields, 30 for Jones, 230 for Fer-
guson, and 20 for McNeal, and 230
for West, 10 for Cruce, 10 for Dunn
and 20 for Murray.

Of the 130 democrats, 70 voted for
West, 20 for Cruce, 10 for Dunn, 10

for Murray, and 60 for Fields, 20 for
Jones, 10 for Ferguson. All others,
claiming to be independents, voted 40
for Fields and 30 for West, no other
candidates receiving a vote.

Of the total number of votes count-
ed, the vote stood as follows: Fields,
520; Jones, 50; Ferguson, 240; Mc-
Neal, 20; West, 390; Cruce, 30; Dunn,
20; Murray, 30.

In answering the second question
50 of the 630 republicans stated that
they had voted for Governor Haskell,
while all of the democrats had so
voted. The answers to the third ques-
tion were varied and covered a mul-
titude of sentiments. Every one of
the independents, socialists, prohibi-
tionists, and no party, totaling 101,
supported the democratic ticket in
1907.

An attempt to classify the answers
to the sixth question was made, but
it was abandoned as impossible. It
was apparent, however, that while
no two men expressed their senti-
ments alike, it is the general desire
of the voters to secure honesty and
economy in public affairs. Misunder-
standing the purpose of the ques-
tion, many republicans, democrats
and independents alike, selected na-
tional issues.

The votes came from the following
25 counties of the state: Tulsa, Rog-
ers, Nowata, Logan, Pittsburg, Blaine,
Okfuskee, Washita, Cherokee, Wagon-
er, McIntosh, Hughes, Payne, Alfalfa,
Okmulgee, Washington, Ottawa,
Muskogee, Creek, Lincoln, Kay, Ellis,
Craig, Pawnee and Garfield.

WILL SOON SETTLE CASES

Standard Oil Case Will Be Heard Be-
fore the Tobacco Trust
Case.

Washington, Feb. 14.—When the su-
preme court of the United States con-
venes on Monday, Feb. 21, a list of
long decisions is expected.

Lawyers believe, that the court,
during its three-week session, has
endeavored to dispose of many cases
in order that it may be as free as
possible to consider this spring the
application of the Sherman anti-trust
law to corporations and the validity
of the corporation tax.

Overshadowing all others, the suit
of the government against the Ameri-
can Tobacco company and others is
the most important case under ad-
visement by the court. It was ar-
gued several weeks ago. On account
of the Standard Oil case to be ar-
gued March 14 and involving similar
questions, it is believed that the de-
cision in the tobacco case will not
be announced until after the Stan-
dard Oil suit has been heard.

One of the most important laws
the validity of which has been ques-
tioned in arguments before the court
is the hours of service law for rail-
road employees passed by congress
in 1897. The railroads have attacked
the law as being applicable to em-
ployees engaged in commerce within
the state as well as in interstate com-
merce. It is claimed the law is open
to objections similar to those that
nullified the liability law of 1906.
A decision in this case may be an-
nounced on Feb. 21.

Another suit that has attracted
much attention is that in which the
government is seeking to get pos-
session of property amounting to
nearly \$400,000 in the hands of Ober-
lin M. Carter, former captain of
the engineer corps of the army who
was sentenced to prison for his al-
leged connection with schemes to
defraud the government out of \$2-
900,000. The court has the case under
advisement.

The validity of a large number of
state lawyers is questioned in cases
which the court has heard argued,
but in which it has not announced its
decision.

COLD WEATHER COMING.

Washington, Feb. 13.—A general
storm followed by a cold wave, is
the weather bureau's prediction for
the coming week. The storm will ap-
pear over the Pacific states within
the next two days, cross the Rockies
plains states and central valleys dur-
ing the middle days of the week and
reach the Atlantic seaboard by Fri-
day. The cold wave will overspread
the north Pacific states by Tuesday
morning and reach the Atlantic sea-
board by Friday or Friday night.

The cold weather of the latter part
of the week probably will check
tendencies toward flood conditions in
part of the lake region and in the
east.

Weather Forecast.

Partly cloudy and warmer Mon-
day Tuesday unsettled and probably
warmer.

SHE WANTS TO BE GOVERNOR

Miss Marilla M. Ricker of New
Hampshire, Has Money to Burn
and Will Spend It.

Dover, N. H., Feb. 14.—Miss Marilla
M. Ricker, the militant suffragette
and lawyer, has announced her can-
didacy for the next governor of New
Hampshire on the woman's suffrage
platform. She has abandoned her
winter vacation at San Jose, Cal.,
and will at once take up the most
unique fight ever known in American
politics. If she is elected she will
be the first woman governor ever
elected in the United States.

Since her announcement hundreds
of suffragettes have rallied to her
support and the campaign promises
to be the most remarkable any state
has ever seen.

She will stump every city and town
in New Hampshire. She is wealthy
and will pay her own expenses de-
claring that she wants no money
from any public service corporation
in her campaign funds. She will try
to free New Hampshire from its
bondage to the corporations that have
dominated politics for over a de-
cade. For many years she practiced
law in Washington with great suc-
cess, and is well known all over the
country being famed for her orator-
ical powers.

CRUISER GOES TO SHIP'S RESCUE

ANOTHER STEAMER IS WRECKED
ON REEF.

Eighty-eight Lives Depend on Immed-
iate Arrival of Cruiser Min-
istro.

Valparaiso, Chile, Feb. 14.—Immed-
iately on receipt of the news that
the Pacific Navigation company's
steamer Lima had been wrecked on a
reef in the Humboldt passage in the
Strait of Magellan and that
eighty-eight persons had been left
aboard, the Chilean government dis-
patched the protected cruiser Min-
istro Zenteno to the rescue.

Following quickly in the wake of
the cruiser are five steamers which
the navigation company ordered to
proceed at top speed to Magellan. The
fate of those who were left behind
by the British steamer Hatunet,
which rescued 205 of the passengers
and crew, will not be known until
the Ministro Zenteno, which carries
wireless, arrives there.

No further word was received to-
day from Ancud, where the Matunet
put in with the survivors. According
to late dispatches last night, there
is some hope that the rest of the
passengers and crew on the Lima
may be able to hold out if aid
reaches them quickly. The Hatunet,
after taking off 205 persons, was com-
pelled to proceed on account of the
danger of being swept upon the rocks
by the storm.

The eighty-eight persons left on the
wrecked steamer Lima include the
captain, five officers and two first-
class passengers.

tween the Southwest Baptist Col-

FOR AGED PEOPLE.

Old Folks Should Be Careful In
Their Selection of Regulative
Medicine.

With advanced age comes inactive
bowel movement and sluggish liver.
Nature is unable to perform her
proper functions and requires assist-
ance. Otherwise, there is constant
suffering from constipation and its at-
tendant evils. Old folks should never
use physic that is harsh and irritat-
ing.

We have a safe, dependable and al-
together ideal remedy that is particu-
larly adapted to the requirements
of aged people and persons of weak
constitution who suffer from constipa-
tion or other bowel disorder. We are
so certain that it will completely re-
lieve these complaints and give ab-
solute satisfaction in every particu-
lar that we offer them with our per-
sonal guarantee that they shall cost
the user nothing if they fail to sub-
stantiate our claims. This remedy is
called **Rexall's Orderlies**.

Rexall Orderlies are eaten like
candy. They have a soothing, healing,
strengthening, tonic and regulative ac-
tion upon the dry mucous lining and
the relaxed muscular coat of the
bowel. They produce a natural, suc-
cessive contraction and relaxation of

the muscular fibres of the bowel wall
generating a wave-like motion which
forces their contents onward and
outward, thus stimulating nature in
perfect power movement. They tone
up and strengthen the nerves and
muscles and restore the bowels and
associate organs to more vigorous
and healthy activity. They may be
taken at any time without incon-
venience, do not cause any griping,
nausea, diarrhoea, excessive loose-
ness, flatulence or other disagreeable
effect. Try Rexall Orderlies on our

Quick Sand Breaks Into Artesian Well.

Ada citizens who are accustomed
to drinking Ada artesian water, will
have to resort to something else un-
til the well can be remedied.

There seems to be a flow of quick
sand coming into the well and
making the water unfitly.

Mr. Stall stated today that they
had not located just where the sand
was making its headway into the
well but would not deliver any more
water until the leak was discovered
and fixed, which might be a week or
ten days. 14-1t

HOBOS BOUND FOR SHAWNEE

ASK UNITED CHARITIES FOR AS-
SISTANCE.

One This Morning Said He Wanted to
Go to His Brother—Another to
His Uncle.

Since the organization of the United
Charities association in Ada the
officials are confronted with many
cases Some of them are worthy and
some are not And some of those who
appeal for aid put up spiels that are
amusing in the extreme

Shawnee Is Popular.
The hobos who hit the town and
who have gall enough to ask for
charity almost invariably want to be
assisted on their way to Shawnee It
isn't taken, though, that Shawnee is
the permanent home of all the tramps
who pass through Ada The opinion
is that they want to be helped to
Shawnee merely because it will be
getting them over the road—and
Shawnee is a big town

An Irishman Hits Town.
One of these fellows, an Irishman,
arrived in the city yesterday He was
an old fellow, hair white as snow,
and some time in his career had had
his nose smashed all over his face

He spent several hours this fore-
noon in walking the streets and at-
tempting to touch everybody he met
for a piece of money His graft didn't
work very well, but his spirits were
given quite a boost when some one
advised him that the United Char-
ities were doing business at the city
hall He was told to go there and
ask for Mr Jones

He went as directed and strolled
through the door.

Seeing a fellow inside he inquired,
"Is this Mr Shones?" It was Mr
"Shones," so the old fellow got down
to business at once, saying he was
sick and wanted to go to his brother
at Shawnee He said he was from
Covington, Kentucky When asked if
he had come direct from Covington
he said no, that he came from Dal-
las

Was a Rambler.

He said he had spent many years
"rambling around"—in fact he had
been rambling around ever since the
Civil war Mr Jones asked if he had
any references He replied to this by
showing him a discharge from the
army dated in the year of 1865

The United Charities does not pro-
vide for a case of this kind, but the
clerk was willing to spend a tele-
phone fee to get in connection with
the old timer's brother, but to this
the gentleman from the Blue Grass
state objected strenuously saying his
brother who was an electrician,
would probably be down town and for
that reason it would be a difficult
task to get hold of him

He confided to the clerk that he
was a baker by trade and that his
breathing apparatus got on the bum
while he was down in Texas and cost
him \$48 to have it repaired That
broke him therefore he must have
railroad fare to Shawnee

Victim of Hard Luck.

After he was satisfied that the
nothing doing sign was hanging up,
the old settler dragged himself
through the door and muttering
something about hard luck went
down stairs and disappeared

Another to Shawnee.

Several days ago the charitable
headquarters was visited by a trav-
eler who told a tale of woe very
much similar to that told by the Cov-
ington rambler The only difference
was that he had an uncle at Shaw-
nee and his original home was New
Orleans He too objected to the use
of a telephone in connection with his
case, and he was denied assistance

MR. G. HOG MAKES WEATHER CHANGE

SUNDAY MORNING ARRIVED TOO CHILLY.

The Hog Had Narrow Escape from Being Roughly Hounded by Fellows on the Street.

Mr. Groundhog came to his senses just in time. When Sunday morning came the hog was responsible for the thermometer registering 14 degrees above the zero line. Now as the hog gave us his word—on February 2, it was—that he would give us six weeks of sunshine and spring weather, it seemed to the fellows on the street that he was trying to put one over us. 14 above was pretty chilly and it might become worse.

So the fellows on the streets argued the case. Mr. Groundhog wasn't giving them a square deal and they were going to "handle" him for it. Some thought he was guilty of disturbing the peace. Others thought he was liable for a breach of promise suit. Still others thought a charge of assault and battery should be preferred against him.

The matter was gone over thoroughly and it was decided to give the defendant another chance, so the fellows on the streets continued the case until Monday, today.

The morning came bright as a dollar with the indicator registering 40 above.

Apparently Mr. Groundhog realized what he was up against. Anyway, he has begun gushing out the weather according to the ideas of the fellows on the street.

His case was dismissed.

BREAKS BOTH ARMS IN FALL

MILLER LIGON MEETS WITH PAINFUL ACCIDENT.

Also Suffers Cuts on Head and Body. Accident Occurred at Normal Building Sunday.

While playing in company with eight or ten other boys at the normal building between four and five o'clock yesterday afternoon Miller Ligon, 14 years old, son of Dr. and Mrs. M. N. Ligon, fell from the second floor of the building to the ground, broke both arms near the wrists, sustained a cut of about five inches in length on the head and several bruises on the body.

The boy was taken to his home by W. D. Hays, Ben Thompson and Harmon Ebey immediately after the accident. This afternoon he is not resting as well as he did during the night. Although very painful, the wounds are not considered necessarily dangerous and the little fellow is displaying much nerve in wrestling with the effects of his play.

Doctor Ligon states that no bad after effects are expected, and as speedy a recovery as is usual in such cases, is looked for.

VOICE OF THE PEOPLE

There is now an Oil Company in Ada of which we are proud, and quite a lot of money has been spent in developing its interest. Let it go on with its good work. But why doesn't some one suggest the idea of organizing a company to develop an artesian water system in Ada? If we find oil here it will be a knotty problem to put it on the market, while our water is already sold. We need a good water system. It will do more to build a town than any local facility that contributes to the development of a city. And we know that we are not drilling a test well when we start.

We can get it if we will be down after it. It is pure water we need, not only is that true here, but elsewhere. Our system is adequate, but with our superior advantages in altitude, latitude, longitude and horticultural and agricultural magnitude, we should claim the best. I am sure we all see the importance of something on this line. Waco and Marlin, Texas, today owe their business success largely to this Artesian Water System.

DOCTOR COOK FOUND AGAIN

Travelling Over Chile Under the Name of T. Craig—Won't Do Any Any Talking.

Valdivia, Chile, Feb. 14.—Dr. Frederick A. Cook, the explorer, and his wife arrived here on board the German steamer Osiris, having taken a cabin at Montevideo. Dr. Cook traveled under the name of T. Craig. He and his wife sailed north today. He declined to be interviewed.

The steamer Osiris sailed from Hamburg, Jan. 4 and from Antwerp Jan. 18 for Callao. Presumably she touched at Montevideo, where the Cooks are said to have boarded her, but the call there has not been reported.

CHILOCCO INDIAN SCHOOL.

Chilocco, Ok., Feb. 14.—C. B. Preston, a nurseryman reports fruit buds of all kinds as absolutely free from injury in the seventy-five acres of orchard.

The hog yard at Chilocco contains about 400 head of swine, the fattest, roundest lot imaginable. With hogs at \$8 and \$9 per 100, there may be lots of money in the heard.

C. W. Lieb, in charge of the Chilocco dairy department makes the following report: "The first two weeks in January it was very cold and the cows fell off considerably on account of it, but we are not ashamed of what was produced, when compared with January a year ago. Amount of milk for January, 1910, 19,000 pounds last year 16,462 pounds, a gain of 2,538 pounds. Butter for January, 1910, 368 pounds; last January 224 pounds, a gain of 144 pounds."

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's power. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

FIRE ALARM

It is understood by all concerned that a more uniform system of handling a "Fire Alarm" be adopted, to be as follows:

1. The Alarm shall be given to the Central operator, giving the Ward and nearest street crossing. The party turning in the Alarm shall stay at telephone until they receive the O K from the operator.
2. The operator shall then give the address to the driver at the fire station.
3. The operator shall then turn the Alarm to the general Alarm, The Whistle. The Engineer shall (1st) give a long whistle followed by—for First Ward..... One Blast Second Ward..... Two Blasts Third Ward..... Three Blasts Fourth Ward..... Four Blasts Main Street..... Five Blasts

Central can not give correct address unless it is given to them correct! Any one calling for Fire Station shall call "159 No Fire."
